Hard Fight for Safety of 60,000 Persons at Hearing.

FLAGMEN WITHDRAWN.

N. Y. Central Railroad Accused of Ignoring Demand of Aldermen.

Indignant west siders, men, women and children, Aldermen and Assemblymen gathered at a hearing given by Commissioner Eustis, of the Public Service Commission, to-day. The hearing was upon the demand that the New York Central Railroad place additional flagmen along Eleventh avenue. H. C. Schneider, secretary of the Eleventh Avenue Track Removal Association, appeared for the protesting people. The peared for the protesting people. The whole truth, and nothing but the form of Mrs. Parsons. "Well," said Mrs. Parsons. "Till be worth more than all the money in New York."

Frank Bennett, traffic inspector for the Commission, said that only six passenger trains were run a day between Thirtieth and Sixtieth streets, making three round trips. He said that only one freight engine hauled practically all the freight over this section. This engine, he said, hauled about eight trains each way per day.

He said passenger trains never made more than ten miles an hour, and added that people, despite all the flagmen was to lot osit down and present her evidence in order.

Mrs. Henry Parsons. of No. 29 West Fifty-sixth street, president of the Long Acre League and Director of the Chilidren and passenger trains were run a day between Thirtieth and Sixtieth streets, making there round trips. The road was represented by A. S. Lyman and the commission by Assistant Counsel Du Bois.

Alderman Boyer said that three flagmen only are stationed along Eleventh avenue from Twentieth street to Sixtieth street, and that they are stationed with Clinton Park was patronized daily by 5500 nersons.

Mr. Lyman ignored our request of June 30 and contented himself with letting the Commission beleve that the road's sneaking attempt to reduce its force, its disrespect for the Commission and for our Board would go unnoticed.

"I believe that the request of the Al-

dermen is fair to the railroad and fair to the citizens who gave its rights for fifty years in 1846, now twelve years expired."

Mr. Schneider said that from 6.20 in the evening until 6 in the morning the tracks were unprotected. He declared that at 9 o'clock last night a crowd of 460 persons was trying to cross the tracks at Forty-sixtn, Forty-seventh and Forty-eighth streets, which were unprotected.

"Well, I walked up the avenue the other night," said Commissioner Eustis, "and I saw two watchmen talking. You can't expect the road to pay men to entertain each other."

man said in part:

"My neighbors ought to feel grateful to the Eleventh Avenue Track Removal Association, which has been fighting for the security of life and limb of more than 60,000 residents for five years.

"Have to cross the tracks, and I know many mothers have to forego the boon of the park to their children because they dare not let their little ones cross the tracks,"

Supt. Leftus, in charge of New York Central and West Shore freight yards, said.

"It is impossible for a fireman to stop people from crossing the tracks. We give them flags in the day, red and white, and lanterns at night."

"Why don't you give them guns?" asked the Commissioner.
"I am afraid that they might be tempted to use them," said the railroad man. Then he added: "Not one per cent. of the accidents which occur along Eleventh avenue and Tenth avenue are due to the negligence of the company. It comes from people trying to cross the tracks. I don't think watchmen are of any value at any of the streets where they are placed."

You Could Use a Horse

But a train is quicker, cheaper and more comfortable.

It is possible to make the trip from New York to Washington with a horse and buggy; but a train is quicker, cheaper and more comfortable.

Likewise, it is entirely possible to wash clothes with ordinary laundry soap, but P. & G. Naphtha Soap is quicker, cheaper and very much easier.

P. & G. Naphtha is the modern soap. It is as much better than ordinary laundry soap as a "Limited" train is better than a horse and buggy.

P. & G. Naphtha Soap saves time; and time is money.

It saves fuel; and fuel costs money.

The woman who does her own work owes it to herself to try P. & G. Naphtha Soap. If, by using it, she is able to get through her washing one hour sooner than
